And I do hereby further authorize the said John Hart, Esquire, Premier of British Columbia, to delegate his power to act hereunder to such person or persons at such time or times and for such period or periods of time as the exigencies of the situation may require or as he may deem expedient.

#### BLACK-OUT ORDERS.

Whereas the Minister of Pensions and National Health under Article 35 of the Defence of Canada Regulations has conferred certain authority on me:

Now, therefore, I, the undersigned, Premier of the Province of British Columbia, pursuant to such authority hereby order that in the Province of British Columbia the following provisions shall be in effect:—

#### PRELIMINARY PROVISIONS.

1. There are two types of black-out, a "Precautionary Black-out" and an "Imminent Danger Black-out," but a Precautionary Black-out shall be applicable only to that part of the Province lying to the west of the summit of the Cascade Range.

2. A Precautionary Black-out will be announced by the civilian protection (air-raid precautions) service, through the press, on the radio, and by other means; but not by sirens, whistles, or similar instruments.

3. An Imminent Danger Black-out will be announced by sirens, whistles, or similar instruments.

4. The public is required to recognize every black-out that is announced by sirens, whistles, or similar instruments as an Imminent Danger Black-out; and on the other hand to recognize every black-out that is NOT announced by sirens, whistles, or similar instruments, as a Precautionary Black-out.

5. While a Precautionary Black-out and an Imminent Danger Black-out are alike in respect that during both all lights must be extinguished or completely masked, they differ in that during an Imminent Danger Black-out, whether by day or night, all vehicular traffic must cease (with lights extinguished at night-time) and pedestrians must use sidewalks only; whereas, during a Precautionary Black-out, vehicles with masked headlights may continue to operate (but not above 15 miles per hour) and pedestrians are unrestricted. (See detailed provisions below.)

6. An Imminent Danger Black-out will only be used when there is a threat of immediate attack. A Precautionary Black-out will be used when danger is believed to exist and lights might assist the enemy, but the threat does not justify the cessation of traffic.

#### PRECAUTIONARY BLACK-OUT.

##### *Detailed Provisions.*

7. Upon the announcement of a Precautionary Black-out the following provisions shall be in force and shall be observed by every person in that part of the Province lying to the west of the summit of the Cascade Range throughout the duration of the Precautionary Black-out:

(a.) Promptly at the time specified for the commencement of the black-out every person shall

- (i.) Extinguish every light under his control; or
- (ii.) Completely mask every light under his control so that no light, reflection, or glare is visible except inside the building or enclosure within which the light is completely enclosed.
- (b.) After the commencement of the black-out no person shall create any light unless it is completely masked in the manner above described;
- (c.) The black-out requirements shall not apply to any light from the lamps used on any vehicle when in use during a Precautionary Black-out, if such lights are in conformity with the requirements and specifications issued by the Commissioner of Provincial Police (see Regulations for motor-vehicles, etc., printed below);
- (d.) Unless he holds a special permit, no person shall during a Precautionary Black-out drive any motor-vehicle or any motor-cycle at a greater rate of speed than 15 miles per hour;
- (e.) During every black-out the driver of every street-car and locomotive shall comply with the regulations prescribed by the Commissioner of Provincial Police.

8. Every Precautionary Black-out shall apply to the area of British Columbia lying to the west of the summit of the Cascade Range.

9. After its commencement a Precautionary Black-out shall continue in force until one-half hour before sunrise.

#### IMMINENT DANGER BLACK-OUT.

##### *Detailed Provisions.*

10. A signal, consisting of a series of five blasts, each of the duration of five seconds, with an interval of two seconds between each blast, the series being sounded three times, with a pause of one minute between each series of blasts, shall be and shall be known as the "Imminent Danger Signal."

11. A signal, consisting of a series of three blasts, each of a duration of twenty seconds, with an interval of three seconds between each blast, the series being sounded three times, with a pause of one minute between each series of blasts, shall be and shall be known as the "Change to Precautionary Signal."

12. Upon the sounding of an Imminent Danger Signal in any part of the province:—

- (a.) Every person within range of the signal, shall, so far as lights are concerned, be subject to the same requirements as are prescribed for a Precautionary Black-out;
- (b.) Every person within range of the signal who has control of any vehicle or cycle, whether in motion or not, upon any street or highway, shall draw it to the curb or side of the street or highway and bring it to a complete stop and shall keep it stationary with the light extinguished until the sounding of the Change to Precautionary Signal. This clause is applicable during both DAY and NIGHT, but shall not apply to any person or class of persons who have a permit from me or from the Commissioner of Provincial Police;
- (c.) During the period of any Imminent Danger Black-out no person who is within range of the signal shall proceed along any street or highway where there is a sidewalk, save upon the sidewalk, except at crossings; and, in the case of any street or highway where there is no sidewalk, no person shall proceed along that street or highway. This clause is applicable during both DAY and NIGHT.

13. In that part of the Province lying to the west of the summit of the Cascade Range, upon the sounding of the Change to Precautionary Signal there shall, if the sounding occurs during the hours of darkness, be a change over to Precautionary Black-out and such Precautionary Black-out shall remain in effect until one-half hour before sunrise, but in the remaining part of the Province the Change to Precautionary Signal shall be deemed to be a signal permitting a resumption of normal conditions.

#### GENERAL PROVISIONS.

14. If, during any black-out (whether Precautionary or Imminent Danger) any light is visible in contravention of these orders, it shall be the duty of any person to request the person in control or apparent control of such light to comply with these orders; and, in any case of continued non-compliance, any civil protection (air-raid precautions) warden, police officer, peace officer, or any member of a fire force may take in relation thereto all such steps as may be reasonably necessary for the enforcement of these orders, including entry of premises and boarding of vehicles or vessels.

15. I hereby empower any senior police officer, as defined in the Defence of Canada Regulations, or any constable acting under the general or special directions of such senior police officer, to prohibit or restrict, in the event of hostile attack or the apprehension of hostile attack, the display of any light which would otherwise be lawful under these or any other orders relating to black-outs.

16. I hereby authorize the Commissioner of Provincial Police to make regulations prescribing the lights that may be displayed on any motor-vehicle, bicycle, motor-cycle, car, or locomotive during any Precautionary Black-out under these or any other orders, and requiring that no motor-vehicle, bicycle, motor-cycle, car, or locomotive shall be used unless such lights are displayed.

17. Where the lamps on any motor-vehicle, bicycle, motor-cycle, or car have been altered so as to comply with regulations made under these orders, that motor-vehicle, bicycle, motor-cycle, or car may be used with the lamps as so altered when there is no black-out, notwithstanding the requirements of any Statute or law to the contrary; but no person shall, during the period from one-half hour after sunset to one-half hour before sunrise, drive or operate any motor-vehicle or motor-cycle with masked lights at a greater rate of speed than 15 miles per hour, even although there is no black-out.

18. Exemptions from black-out requirements under these orders may from time to time be granted by me or by the Commissioner of Provincial Police in respect of any locality within the Province or in respect of any period of time, person or class of persons, public utility, public service or industry, and an exemption may at any time be rescinded by me or by the said Commissioner. Notice of exemption and of the rescinding of an exemption may be given in such manner as I or the Commissioner may determine. Every exemption shall be subject to such conditions and restrictions as are prescribed in relation thereto.

19. Except as herein provided, no person shall without authority from me announce a Precautionary Black-out or sound the Imminent Danger Signal or the Change to Precautionary Signal.

20. Pursuant to authority conferred on me, I hereby delegate to the General Officer Commanding in Chief, Pacific Command, power to order either a Precautionary Black-out or an Imminent Danger Black-out as and when he may see fit.

21. After the date of this order no person shall leave any light without first providing that there shall be, at all times, some person in proximity thereto who has the authority and means of immediately extinguishing or masking such light.

22. These orders supersede all previous Provincial orders relating to black-outs in British Columbia.

Dated at Victoria, British Columbia, this 6th day of January, 1942.

JOHN HART,  
*Premier of British Columbia.*

I, RONALD OKEDEN ALEXANDER, as General Officer Commanding in Chief, Pacific Command, as Senior Defence Official of the Area of British Columbia declared vulnerable, and also on behalf of the Minister of National Defence, the Minister of National Defence for Naval Service, and the Minister of National Defence for Air, concur in the orders relating to Black-out made by The Honourable John Hart, the Premier of British Columbia, this day; with this reservation, that the said orders shall not apply to any lights or emergency measures that may be deemed necessary by any of the Defence Forces.

Signed at Esquimalt, B.C., this 6th day of January, 1942.

R. O. ALEXANDER,  
*Major-General.*
